Growth, Problems of City Outlined for Area Realtors

A capacity crowd of real estate sales people heard 3 outstanding speakers at the YWCA as the Torrance Lomita Board of Realtors sales seminar started off with a good turnout of 100 people.

George Powell spoke on planning the city and the increase of population expected by 1963 to a population in excess of 150,000. He also told the group how the cities master plan is formulated. What changes and trends are forecast in the very near future.

Sam Waldrip of the Torrance Unified School district told the group of the growth in school enrollment in the last 15 years from 2000 students to 25,000. He also told of the growth in number of schools.

Harry Colmer was the last speaker who told of how they could learn to know their product by getting as many facts as possible about the homes they were selling. The theme of the first meeting was knowing the community, and being part of it.

President Lee Dawson pointed out that "the successful salesman unearths quantities of information against the time and occasion when he finds himself in a position demanding expert knowledge." Refreshments were served by the Torrance-Lomita Board of Realtors.

CALIFORNIA TO SEND TROUT EGGS TO BRAZIL

One hundred thousand rainbow eggs from the Department of Fish and Game's hatchery at Mt. Whitney will be sent to Brazil next month.

In return, Brazil has offered to make available to California several species of inland and marine fish which may be capable of sustaining themselves in California waters.

PREVIEW SUNDAY... An invitational preview showing of the new Del Amo Gardens Sanitarium has been scheduled for Sunday, according to Jack Saylin, administrator. The new 50-bed facility at 22419 Kent Ave., will serve the area as a sanitarium and convalescent hospital, Saylin said. Mrs. Catherine Kincaid, R.N., is hospital supervisor. The facility will offer library, game rooms and patios for the patients.
